A Used Book Store

## In-Store Credit Policy:

Bookends offers a generous in-store credit policy that allows you to turn in your gently used books for store credit.

Paperbacks.....Credit = 20% of list price  
Audio Books....Credit = 20% of list price  
Hardcovers.....Credit = 10% of list price  
Book Club Editions = \$1.00

In Store credit may be used toward half of your purchase of used books or audio books only, with the other half to be paid by cash or credit card. For example, if you have a credit balance of \$20, and your purchase is \$10, you may use \$5 of your credit, with the remaining \$5 to be paid by cash or credit card, which will leave you with a credit balance of \$15.

*Management reserves the right to refuse books for trade at our discretion, based on condition or current inventory needs. Thank you, but we are unable accept textbooks, magazines, comic books, series romance, "adult" books, Reader's Digest Condensed Books, hardcover books without dust jackets, or books that are water damaged or have missing or loose pages.*
